

18th June 2018

Dear Parent/Carer

The other letter enclosed is addressed to your child and invites them to their Induction Day at North Kesteven Academy on **Monday 25th June**. Our apologies if this causes a clash with an event for your child. We really have attempted to avoid as many primary school events as we can but with students coming from 31 different primary schools this year, it just has not been possible to avoid everything. If your child is going to miss their induction day, please let us know as we are making arrangements for a 'mop-up session' before the end of the term.

The full details regarding the Induction Day are included in your child's letter but we would like to draw your attention to a few key points.

Firstly, the day for the students starts at 10.00am but students can be dropped off from 9:45am. If you have an insurmountable problem in this start time, please contact us to arrange an alternative.

Secondly, please complete and return the reply slip or send the information via email to transition@nkacademy.co.uk by **Friday 22nd June**. After this date, students will be assigned to a random activity.

Thirdly, there will be a presentation for parents/carers in the school hall at 3:45pm. This presentation will include information on day to day aspects such as timings, uniform and the ways in which you can support your child in their transition to secondary education. After this presentation, the students will collect their parents/carers and show them some of the locations they have visited during the day. We would expect that the whole day will finish before 5pm.

Please find enclosed an Induction Pack. We would appreciate if this could be completed and handed into Reception on Monday 25th June.

We hope that these letters cover all of the relevant information; however, please do not hesitate to contact us if anything is unclear.

We look forward to meeting with you on the Induction Day.

Yours faithfully

Miss F McGrath
Associate SLT
