

Y8 ROADMAP – GEOGRAPHY

Subject Aim:

What is population change? What is life like in a shanty town?
What are our Guilty pleasures and how do they impact the planet?

TERM 1

How are populations changing?

You will be looking at how the population on Earth changes and why. You will learn about what makes people live in some places and not others

TERM 2

How is India's population changing?

You will learn about how people are moving from rural India to urban India and what problems does this create?

What is life like in an Indian shanty?

Here you will learn what problems do people face and what is life like in a shanty. How can we solve the problems?

TERM 3

What is migration like elsewhere in the world?

Continuing the migration theme you will look at why people migrate from Mexico to the USA. Do they really find the American Dream?

TERM 4

The Fashion Industry – what problems does it cause?

Here you will learn about fast fashion and the impact it has on planet. Also the impact it has on the people who produce our cheap clothes

TERM 5

Why should we and how could we produce less waste?

We will learn how we have become a throw away consumer society. But what happens to everything we throw away? How could we impact the planet less?

TERM 6

Tourism – what impact do tourists have on our beautiful landscapes nature creates?

How are landscapes created? Why do we want to visit, but what impact do tourists have on the places they visit?

ASSESSMENT

- You will have regular knowledge tests in lessons
- You will also have some longer exam style question throughout the units
- You will do some peer assessments in particular in the producing less waste unit.
- You will have your knowledge organiser that you will have quizzes based on the key terms on here

INDEPENDENT LEARNING

- Knowledge Organisers are expected to be used weekly to support the learning and recap of key vocabulary as the course progresses
- Use Seneca learning to help your understanding

ENRICHMENT

- Geogseekers at lunch time
- Watch the news to keep up with migration and environmental issues
