

# Y11 ROADMAP – Geography

## Subject Aim:

- To study Urban Issues and Challenges and Coastal Landscapes In The UK.
- To prepare for the Pre-Release Exam Material and Geographical Skills and Fieldwork questions.

TERM 1

## What issues in HIC cities?

You will learn about the opportunities and challenges of a city in a HIC and how they can be regenerated.

TERM 2

## Can cities be more sustainable?

Using an example of a city there will be an in depth focus on sustainability. This will include green spaces, sustainable housing, transport and waste management.

TERM 3

## What is the UK Coast like?

You will learn about coastal landforms and processes. You will study coastal erosion and management.

TERM 4

## Pre Release Material

You will prepare for Paper 3 working on the pre-release booklet sent from the exam board.

TERM 5

## Revision

We will identify your gaps in knowledge and do lots of exam question practice to prepare you for each paper.

TERM 6

## ASSESSMENT

- You will have regular tasks set based on the knowledge organisers.
- You will also have some longer exam style question throughout the unit and end of unit tests.
- You will do some self assessed work.
- You will have the PPE's.

## INDEPENDENT LEARNING

- Knowledge Organisers are expected to be used weekly to support the learning and recap of key vocabulary as the course progresses.
- Use Seneca learning to help your understanding.
- You will have a homework book and be set key tasks.
- Use your revision guide to create your own revision timetable and focus on the areas you feel less secure with.

## ENRICHMENT

- Geogseekers at lunch time.
- Watch the news to keep up with relevant current affairs.
